

Taylor Percy Jones – a six-year-old kid with a Thor T-shirt

You were going with Zaza and Angel to see people singing. It was in a big fancy building, with all sorts of strange people. There was the one with the pretty robes, the one with all the piercings, the one with the silly hat, the one with the plaid shirt carrying the funny mask, the angry-looking one in the trenchcoat, the one with the golden hair like Thor. But the singing was boring, and then there was lots of noise and Zaza was pulling you and everyone was pushing. Then there was fire everywhere, and Zaza was gone, and a man threw away his cane and started shouting and running toward you, into the fire...

And now you're in a weird swamp! People are saying this is the "after life"; isn't Valhalla in the after life? You could go to Valhalla and help Thor fight Loki! Yay! But Zaza probably wants you to go to Heaven. You keep telling her Thor isn't in Heaven, he's in Valhalla where all the awesome people go, but she doesn't understand. Zaza can go to Heaven if she wants, but you want to go to Valhalla with Thor!

Notes

- Zaza is a gender-neutral equivalent to "Mama" or "Papa", but feel free to use something different in-game that works for your game's Lynn.
